PDNPA member Kath Potter raised the traffic issues from the gridlock with Chatsworth and Bakewell Christmas markets the previous weekend and fears of the 45 days of heavy traffic next year into Chatsworth for the RHS show. Baslow, Rowsley and Beeley are asking the Police Commissioner to visit to discuss the impact of local traffic issues.

## 1363 Footpaths and Highways

Highways: clarification that hedges are the responsibility of landowners who Highways will contact if overgrowing but verges are a Highway responsibility. It was noted that Darley Bridge will be closed for ten days next year for works on a gas main and Council concurred that the least disruption would be during works closure periods eg over Easter to minimise HGV traffic through Winster. Two stuck caravan incidents due to underpowered cars trying to haul uphill through Stanton Lees to Barn Farm were reported both blocking traffic for an hour while locals assisted their removal.

## Reports and Decisions

### 1364 Reports

#### i. The Green / Parish assets

The Green - Estate section is held under a yearly licence.

The website is in a fledgling state and available to view online and the clerk received a password today and will populate with Transparency data by the next meeting.

[parishclerk@stantoninpeakparish.org.uk](mailto:parishclerk@stantoninpeakparish.org.uk) is now the official clerk address. The District Councillor is to be asked to fund a noticeboard replacement for Stanton Lees.

ii. Enthoven liaison – the signage issues were raised noting the damage being done to Enthoven reputation and all parties are chasing Highways but the scope has been widened to address 4 Lane ends further delaying matters. Noise issues have suffered a reversal from last Thursday with levels increasing and non-muffled roadsweepers being used again which will be raised at the residents meeting on 30<sup>th</sup> November.

iii. Digital Derbyshire – it is understood that the next round of provider consultations is not due until the New Year but the fund was underspent and BT take up should also make further funds available however 2020 is being cited for any resultant works.

iv. Stanton Moor Minerals Liaison – a drop in meeting was agreed to by Blockstone.

v. Stanton Moor meeting – a report was circulated and the clerk read the notice received from

Stanton Estates to explain the measures being taken on 1<sup>st</sup> and 2<sup>nd</sup> December to remove scrub from the Southeast area of the Moor.

vi. HGV issues and signs. all parties are chasing DCC for the signs.

The response from the Cabinet member for transport was not acceptable and our County Councillor is chasing Highways. No reply yet received from the Police Superintendent and the clerk will chase.

vii. Local Health Consultations

Council considers the distress caused by ill thought out proposals to the residents of the rural communities and the fundamental errors and flaws now exposed an excellent reason to dismiss this consultation and seek to properly integrate the invaluable care wards into all future plans with no further talk of closure.
